Another great visit! The dentist even came in a little early to get me in so I could still make it to work. I really appreciate how much they care for their patients and what a great job they have done with all the work I have had done. If you are looking for a great dentist, look no further!

I am more impressed every time I go to see my dentist, Dr. Karan. I had to get a crown and the process was easy and quick. The dentist even called me the following morning to follow up on how I was doing! So thoughtful! They really care about their patients and making sure they are comfortable! A delightful change from previous experiences I have had with dentists over the years. If you are looking for a dentist I highly recommend going with Aurora Dentrrix!

I had not been to the dentist in a while and, due to some bad experiences in the past, am not the biggest fan of the dentist. Everyone here made me feel right at home and very comfortable. I didn't feel judged or shamed for the fact that it had been a while since my last dental visit and they did a great job of cleaning up my teeth and getting rid of some stains that had formed. Although I did need some additional work done besides the cleaning, I did not feel that they were trying to sell me on services I did not need. The whole experience was very pleasant and I might go as far as to say that I am looking forward to my next dental appointment!
